Liability and Declaration

Rowing is a potentially hazardous activity and everyone is expected to research and evaluate the risks of participation prior to every session and continue at their own risk. All members and guests are strongly recommended to be registered with British Rowing to benefit Personal Accident, Third Party and Member to Member Liability Insurance (online at www.britishrowing.org). Members and guests who rely upon the supervision of another are strongly recommended to ensure that the person is registered with British Rowing and is suitably skilled to offer supervision. Members and guests offering supervision accept personal responsibility for themselves and those in their charge. Major items of equipment owned by the Club are insured against loss and damage and this also gives cover for third party claims arising from its use. Any liability outside of this cover is the responsibility of the member in charge at that time. The Club cannot accept responsibility for any equipment not owned by it even if it is in use by its members or guests, or is in its possession (unless covered by its insurance).

Your Personal Health

Rowing and its associated training can be a strenuous activity. You should therefore be in good health and have no medical or physical condition precluding heavy exercise.

If there is any doubt you should first consult your doctor.

Some conditions such as asthma and diabetes, for example, do not prevent individuals participating in the sport, but you do have a **duty to declare any condition that might put yourself or others at risk**. Likewise you have a **duty to declare any change** in personal health whilst a member of the Club that may put yourself or others at risk.

It is important therefore that you inform those around you e.g. coaches and crew members, of any condition they may have to deal with in the event of an emergency.

Your Swimming Ability

For your own safety it is important that you are a competent swimmer. At a minimum you must be able to swim 50 metres in light clothing. **If you cannot meet this requirement you must wear a lifejacket or buoyancy aid at all times when in a boat.**

Capsize training

The club will periodically run capsize training.

Helping to run the Club

All members over the age of 16 years who use the club's facilities are required to give at least four hours of their time over the space of the year to assist the Officers in the running of the Club (this does not include assistance at the Head and Regatta).

Declaration of Your Personal Health & Swimming Proficiency

"I have read and understood the statements above and declare that I **can/cannot*** meet the minimum swimming requirements and I **have no need to seek medical approval / have not been passed medically fit*** to row and I agree to inform the club/coaches/crew of any change in my personal health/swimming proficiency that may put myself or others at risk. I also agree to comply with the rules and constitution of Northampton Rowing Club and the rules of British Rowing."
